

## EMC SOLUTIONS PRITEX LTD PARTNERSHIP ANNOUNCEMENT

PRITEX

### Newsletter September 2010

EMC Solutions are taking this opportunity to announce our new partnership agreement with Pritex Limited. Our new partner Pritex manufactures a range of innovative acoustic solutions for their many customers particularly those in the Industrial / Automotive / Aerospace / Renewable Energy areas of Wind Power / Industrial Air Conditioning Systems / Truck Mounted Machinery / Heavy Plant & Equipment / Electronics / Engineering Applications and several other growth sectors, where recently because of new acoustic noise control issues the inclusion of acoustic control solutions has now become necessary.

Pritex Limited based at Wellington Somerset UK effectively utilise their modern Manufacturing Processes / R/D Departments / Test Laboratories to enable them to continue to be the recognised industry leaders in the field of Acoustic Control. Through our association with Pritex, EMC Solutions will provide tailor made acoustic solutions to our customers.

#### Talk To EMC Solutions About Your Acoustic Requirements.

- ✓ Industrial
